Summary

https://jhon2410.github.io/portafolio/
I have experience applying the MERN development stack, sufficient knowledge in different programming
languages such as Java, Python, PHP, JavaScript. I am familiar with the most famous layout patterns like MVC.
agile methodologies such as SCRUM, XP. 2 years of experience working on own projects and small commissions.
Intermediate level of English.
spa management, reactive pages and communication to endpoints of the rest api, and relational and non-
relational databases.
GITHUB: https://github.com/Jhon2410
Technologies I have used:
> Javascript
> Typewritten text
> React
> Vue
> Angular
> Node js
> Java
> PHP
> Laravel
> Django
> Flask
> Express
> Boostrap 5
> Sass less
> tailwind
> quasar
> Ajax (axios, search, jquery)
> GraphQl
> Jsonwebtokens
> MongoDB
> MySql
> Postgresql
> Hit
> HTML5
> CSS3
> Git and GitHub
> Heroku

Experience

🏢 Full-stack Developer

Profesional independiente

Jan 2021 - Present (1 year 1 month +)

Frontend Web Developer
Mar 2020 - Present (1 year 11 months +)

Education

Universidad Surcolombiana
Ingeniería, Ingeniería de software
Aug 2019 - Jun 2024

Licenses & Certifications

METODOLOGIA DE LA PROGRAMACION DE SISTEMAS INFORMATICOS -
Servicio Nacional de Aprendizaje (SENA)
9210002460334CC1004343925C
